

Ghana Federation of the Disabled (GFD)

IS NOW

It is our pleasure to inform you of a few changes which are ongoing at the Ghana Federation of Disability Organisations (GFD). We used to be known as Ghana Federation of the Disabled (GFD).

The change of name is to clarify who we really are i.e. **“a civil society organisation that brings together organisations of persons with disability in Ghana.”** We have maintained the acronym GFD so that we can keep a bit of our previous identity in order to help with the brand experience and presence.

We did not just change our name, we also adopted a revised Constitution in March 2015 to reflect the necessary changes that this evolving organisation needs in order to grow and become relevant. You may download the revised Constitution from this website.

We have renewed our look to provide a refreshing and energizing outlook. We hope to use our website as a strong advocacy tool which is interactive, informative and functional.

We continue to work fervently for the inclusion of all persons with disabilities.

For further information or support for any of our advocacy actions, kindly contact the GFD through the following:

Location: [Accra Rehabilitation Centre](#)
[Barnes Road, Opposite the](#)
[National Museum, Adabraka – Accra](#)
